

JOHNNY'S AT HILTON COLISEUM

Johnny's at Hilton Coliseum repurposed Hilton's former basketball offices into a stadium club to commemorate the history of the ISU basketball program and one of its greatest coaches, Johnny Orr. It serves as a place for Cyclone supporters to gather and interact on game days and provides a unique and vibrant atmosphere for banquet events. The entry is adorned with a life-size bronze statue of Johnny Orr flanked on each side by display cases with treasures of his past. The energetic and warm space provides a drink bar, catering/prep room, and coat check facility.
